PORT ARTHUR FIGHT

Hot Action Took Place Between Russian and Japanese Torpedo Boats Thursday.

ONE OF THE JAPS' BOATS WAS SUNK

The Russian Torpedo Boat Destroyer Stereguschtschi Was Severely Damaged and Later Foundered.

Part of the Crew Was Made Prisoners and Part Was Drowned—The Casualties on the Russian Side Was Slight.

St. Petersburg, March 12.—The emperor has received a message from Viceroy Alexieff which says:

"Adm. Makaroff, commanding the Russian fleet, reports from Port Arthur as follows:

"Six torpedo boats which went out to sea the night of March 10, four of them being under the general command of Capt. Matoussvitche, encountered the enemy's torpedo boats, followed by cruisers.

"A hot action ensued in which the torpedo boat destroyer Vlastini discharged a Whitehead torpedo and sunk one of the enemy's torpedo boats. On the way back the torpedo boat destroyer Stereguschtschi, commanded by Lieut. Sergueieff, sustained damages; her engine was disabled and she began to founder. By 8 o'clock in the morning five of our torpedo boat destroyers had returned. When the critical position of the Stereguschtschi became evident I hoisted my flag on the cruiser Novik and went with the Novik and the cruiser Boyarin to the rescue. But as five of the enemy's cruisers surrounded our destroyer, and as their battleship squadron was approaching, I did not succeed in saving the Stereguschtschi, which foundered. Part of the crew was made prisoners and part was drowned.

"On the ships which participated in the night attack one officer was seriously and three others were slightly wounded, two soldiers were killed and 18 were wounded.

"At 9 o'clock 14 of the enemy's ships assembled before Port Arthur and a bombardment was begun with the heavy guns of their battleship squadron at long range. This lasted until 1 o'clock in the afternoon. It is estimated that the enemy fired 154 12-inch shells. The damage to our vessels was insignificant, and they are again ready for battle. Our losses were one officer slightly wounded and one soldier killed and four soldiers wounded. The illumination of the sea at night by the searchlights mounted at our batteries was most satisfactory and several times isolated shots from our batteries forced the enemy's torpedo boats to retire.

"With the commencement of the bombardment at dawn the guns of the fortress replied to the enemy's fire. The crews of all the ships engaged gave proof of remarkable coolness in action. Below decks the work of the day followed its ordinary course, in spite of the shells falling between the vessels and covering them with fragments.

"A bombardment at such a distance must be considered ineffective, but the Japanese cruiser Takasago is reported to have been seen to suffer serious damage, the extent of which, however, it was impossible to ascertain at a distance of five miles. Many shells were fired at a range of 7 1/2 miles."

"I have the honor to report the foregoing to your majesty. Alexieff."

The removal of the battleship Retvizan from the mouth of the inner harbor, which marked the assumption of command by Adm. Makaroff, will permit the free exit of the heavy armored ships. It had been believed that the reason why the Russian ships had not made a sortie before was the apprehension of meeting with a superior force, but it is now clear the ships were unable to leave. With the channel open it is expected that Adm. Makaroff will make the squadron an aggressive force.

Appreciating the misfortune of the division of the fleet before the war, it is believed that Adm. Makaroff will attempt to unite his forces by bringing the Vladivostok squadron to Port Arthur.

Repairs on the battleship Retvizan will be completed in a few weeks, but the battleship Czarovitch is so badly damaged that it is not thought she can participate in any of the operations for a long time.

A STARTLING RUMOR.

Reported That the Russians Lost Heavily in the Last Battle.

Paris, March 12.—The Matin Saturday morning publishes a dispatch from St. Petersburg which says that dur-

ing a concert at court Friday evening organized by the empress a rumor was current that the Russians had lost heavily during the last Japanese attack on Port Arthur. Continuing the correspondent says the fact that the imperial box in the concert hall remained empty, whereas the empress and the dowager empress and other members of the imperial family had been expected to be present at this strictly official fete, seems to give confirmation to the rumor.

WITHDRAWING THE TROOPS.

Considerable Uneasiness on Part of Springfield Officials and Citizens.

Springfield, O., March 12.—There is considerable uneasiness on the part of the city officials and residents in general lest the withdrawal of troops from this city will result in further outbreaks from the lawless elements among both Negroes and whites. Friday all the companies of the Third regiment, excepting two local companies, have been removed. Besides, the two companies there are still seven companies of the Second regiment on duty, and these will be retained here at least until Monday.

The police were notified Friday that six sticks of dynamite and a coil of fuse were stolen Thursday night from the lime quarries west of the city. This fact, coupled with several threats to dynamite public buildings after the departure of the troops, has created no small degree of apprehension.

One of the results of the recent lynching has been to incite a spirit of lawlessness on the part of the mere children. At the Shaffer street school Friday evening two white boys caught a Negro boy and placed a rope around his neck and began to drag him along the ground. The Negro was rescued before serious injury had been done. The saloons have been closed for three days and will be kept closed until Monday.

SENATOR TILLMAN'S ILLNESS.

More Uncomfortable Friday Than At Any Time During His Illness.

Washington, March 12.—Senator Tillman was much more uncomfortable Friday than at any time during his illness, though his condition was not necessarily worse. His throat is distressing him greatly and the suffering is most acute. The physicians again Friday found it necessary to lance it and the indications are that another such operation will be necessary Saturday, as a second abscess appears to be forming. Still the physicians see no cause for apprehension and believe careful treatment and patience will insure relief. They think that in a short time Senator Tillman will have recovered sufficiently to enable him to go south to recuperate.

HUDSON RIVER TUNNEL.

Begun Thirty Years Ago, It Was Completed Friday.

New York, March 12.—Begun 30 years ago, and twice abandoned for long periods because of accidents and financial difficulties, the driving of the bore of the Hudson river tunnel, connecting 14th street, Jersey City, with Morton street, on Manhattan island, was finished shortly before noon Friday. So great had been the accuracy of the plans of Chief Engineer Charles M. Jacobs that when the ends of the tunnel met there was not the variation of a hair in the courses of the Jersey section and the New York heading.

POSTMASTER ARRESTED.

He Is Charged With Improperly Using Postage Stamps.

Philadelphia, March 12.—Harry T. McKinn, railroad station agent and postmaster at Buck Run, Chester county, was arrested Friday and held in \$500 bail by a United States commissioner here, charged with having improperly used postage stamps. It was testified that he bought merchandise at various times from a Chicago firm and that in each instance payment was tendered in stamps. This is said to be the first prosecution of the kind on record.

CHIMOSE POWDER.

The Terrible Power of the New Japanese Explosive.

London, March 12.—As an example of the terrible power of the Japanese "Chimose" powder, a correspondent of the Standard at Tokio relates that a Russian sailor who was hurt in the naval fight off Chemulpo and who has been brought to Matsuyama, Japan, has 160 wounds.

Left For Pennsylvania.

Indianapolis, Ind., March 12.—Secretary-Treasurer W. B. Wilson, of the United Mine Workers, left for Glossburg, Pa., where he will address a meeting of miners from Central Pennsylvania, urging an acceptance of the operators' compromise proposition.

MORMONS DEFIANT

Intense Feeling Exists in Utah Over the Investigation of Senator Smoot.

POLYGAMY STRONGLY DEFENDED.

It Is Declared to Be the Doctrine of God and a Revelation to Prophet Joseph Smith.

Heber Carlisle Said: "If It Ever Comes to a Difficulty, I Will Be Ready to Die For President Joseph F. Smith."

Salt Lake City, Utah, March 12.—As illustrating the intense feeling existing among the Mormons in some parts of the state as a result of the investigation of Senator Smoot's eligibility now being conducted by the United States senate, the Telegram Friday night printed a dispatch from Logan, Utah, describing the regular monthly fast meeting held in the temple at that place. The meeting was addressed, among others, by J. M. Blair, who made a strong defense of polygamy. Heber Carlisle succeeded Mr. Blair. He declared with great emphasis that congress and the entire country were the persecutors of the Mormon church, and then defended polygamy, declaring it is the doctrine of God and the revelation that had been given to the prophet, Joseph Smith. He approved of the conduct of Mr. Smith in Washington, declaring: "If it ever comes to a difficulty, I will be ready to die for President Joseph F. Smith."

W. S. Lamoreaux then arose and, amid much excitement, declared that he believed in loyalty to the United States government. It was dangerous, he said, to say such things as the preceding speakers had given utterance to. The Mormon church, he said, is not now teaching polygamy, that the church had given up such teachings and that there was no occasion for such remarks. Here, Counsellor Isaac Smith, the presiding officer, ordered Mr. Lamoreaux to take his seat, which he did.

THE SENATOR SMOOT CASE.

Attorney Critchlow Continued His History of the Mormon Church.

Washington, March 12.—The only witness on the stand Friday in the investigation of the Senator Reed Smoot case before the senate committee on privileges and elections was E. B. Critchlow, former assistant United States attorney for Utah. He continued his history of the Mormon church, detailing instances when the high officials of the church have manifested their power over members in order to compel obedience in all matters, and of which excommunication has been the price of an independent spirit. Senator Beveridge assisted in the cross examination of the witness and his attempts to prove certain evidence incompetent lived with that otherwise would have been the first dull day of the hearing.

PETITION FOR DIVORCE.

Col. William F. Cody (Buffalo Bill) Sues His Wife.

Denver, Col., March 12.—A petition for divorce filed in the district court of Big Horn county, Wyoming, January 9, by Col. William F. Cody (Buffalo Bill), has just been made public. The complaint charges cruelty and alleges that on December 26, 1900, Mrs. Cody attempted to poison the plaintiff. Another ground on which plaintiff asks a decree is that the marital relation has been intolerable to him by his wife's refusal to entertain his friends at his former home at North Platte, Neb. Mrs. Cody, who is at North Platte, denies her husband's charges and will contest the suit. Col. and Mrs. Cody were married at St. Louis March 6, 1866.

Killed By a Brick.

Bloomington, Ill., March 12.—Robert Murray, an employee of the gas company at Lincoln, was instantly killed by a companion and fellow employee named Spraddy. The killing followed a quarrel during which Murray was struck on the head by a brick thrown by Spraddy. The latter gave himself up.

Johannesburg, March 12.—Yielding to the pressure of public opinion, the commissioner of police has prohibited colored persons, including coolies, from using the sidewalks here. The better class of colored persons are exempt.

Paris, March 12.—Cabling from Tientsin a correspondent of the Journal says that newspaper men will not be allowed to follow either the Russian or the Japanese armies before all the troops are concentrated.

CO-RACIAL EDUCATION.

The Senate Passes House Bill Which Prohibits It.

Frankfort, March 12.—Senate—Unless the courts can save it the existence of Berea college of Madison county is doomed as a mixed school where whites and blacks can eat, study and recite together. The senate Friday passed the house bill prohibiting, under penalty of a heavy fine, the maintenance of any school in this state where the co-education of the races is permitted or carried on. Berea college is the only school of its kind south of Mason and Dixon's line, and has been in existence since the civil war. Bills passed: Requiring fourth-class cities to pay the interest on their bonds or prevent salaries from being paid to city officials; authorizing Jefferson county to levy a tax to build an armory; increasing the penalty for failure of road overseers to perform their duties.

House—The session of the house began Friday morning with the surprising announcement from Clerk Stone that house bill No. 193, raising the pay of the state prison guards from \$60 to \$75 a month had passed the house Monday without being read on three separate days, as the constitution requires. Stone discovered the mistake. The friends of the bill were much disturbed, as it had received barely enough votes to pass, requiring 51, because it carries an appropriation. Mr. Drewry was appointed a committee to withdraw the bill from the senate, to which body it had been reported. When it was returned Mr. Klair moved to take it under immediate consideration. Mr. Niles moved to table the Klair motion, but the motion to table was lost. After voting down a few amendments the house passed the bill. Mr. Burchett reported resolutions upon the death of Marcus A. Hanna, which were adopted.

EXPECT AN ACQUITTAL.

The Trial of Mrs. Minnie Ellington Begins at Morehead.

Owingsville, Ky., March 12.—The examining trial of Mrs. Minnie Ellington, charged with poisoning her husband, began at Morehead Saturday morning. Her counsel and bondsmen confidently expect her acquittal, as they assert there are no grounds for the charge. If she is acquitted it is said Mrs. Ellington will bring suit for damages against her stepson, William Ellington, who caused her arrest. The heirs of her deceased husband paid Mrs. Ellington \$1,250 as her share of the estate.

The Joint Meeting Postponed.

Louisville, Ky., March 12.—On account of the unsettled condition of the wage question among the miners north of the Ohio river, the convention of the Western Kentucky miners, in session here Friday, decided to postpone the joint meeting of miners and mine operators until March 24, instead of holding it next Tuesday.

Tom Carey Arrested.

Lawrenceburg, Ky., March 12.—Tom Carey, who dangerously stabbed Constable James Edwards in the Rutherford precinct, this county, last November, and who has been a fugitive from justice ever since, was arrested by Officer Joe McWilliams in Casey county and brought here and lodged in the county jail.

Died of Tuberculosis of the Throat.
Hopkinsville, Ky., March 12.—John M. Dulin, one of the prominent citizens of this county, died near Crofton of tuberculosis of the throat. He was a member of the democratic executive committee, and for a number of years was engaged in the mercantile business at Crofton.

Frankfort, Ky., March 12.—Caleb Powers, former secretary of state of Kentucky, and who is under sentence of death for complicity in the murder of Gov. William Goebel, of this state, will, in all probability, appeal to Gov. Beckham for executive clemency.

Fatal Mountain Feud.

Hazard, Ky., March 12.—Jim Baker is held in jail here, charged with the murder of John Cody. It is alleged that the crime resulted from a long standing feud. Jim Fields, it is charged, during the fracas knocked John Cody unconscious.

BRISTOW REPORT.

The House Indulged in Seven Hours of Explanation, Accusation and Vituperation.

NO POST OFFICE INVESTIGATION.

The Report, So Far as It Concerns Members of the House, Will Be Investigated.

When Representative Smith Shouted the Name of Speaker Cannon For President of the United States the Members Applauded.

Washington, March 12.—Senate—With the exception of half an hour devoted to consideration of routine business the senate spent the entire day in executive session, devoting most of the time to the nomination of Gen. Leonard Wood to be a major general. Two set speeches were made in opposition to Gen. Wood's confirmation, the speakers being Senators Scott and Blackburn, the only two members of the committee on military affairs who opposed a favorable report on the nomination.

House—The house of representatives indulged itself Friday in nearly seven hours of explanation, accusation and vituperation and then ordered with only two negative votes an investigation of postal affairs so far as members of the house are concerned by a special committee of seven members to be appointed by the speaker, who likewise are to examine into the origin of the Bristow report so far as it concerns charges against members of the house. The demand of the minority for a sweeping investigation of every branch of the post office department was not granted. The test on this question came on a vote which resulted 144 to 125, a strict party vote.

The climax of the day was reached when Representative William Alden Smith, of Michigan, condemned every executive department of the government for its arrogant treatment of the only branch of the government in direct touch with the people of the country—the house of representatives—and shouted out the name of Speaker Cannon for president of the United States. The house thundered its acquiescence, members rose to their feet and fairly shrieked their assent; democrats waved whatever was in their hands, republicans pounded their desks and the packed galleries took up the enthusiasm and echoed the applause. When the speaker bent low over his desk and wielded his gavel vigorously for order his raps only served as an impetus for a fresh outbreak of enthusiasm. Meanwhile, Mr. Smith's time ran out, and when he endeavored to continue, in opposition to the ruling of the speaker, he was urged on by the cries of members on both sides, but without avail.

The preliminary struggle between the republicans and democrats came late in the day. The recommendation of the committee that the Hay resolution be laid on the table was brushed aside unanimously. The democratic demand for a full investigation finally came to a vote in shape of appeal from the decision of the chair and was defeated 144 to 125, a strict party vote. A resolution for an investigation of the connection of the members with the post office department offered by Representative McCall (Mass.) was agreed to, only Representatives Lind (dem., Ind.) and Gillespie (dem., Tex.) opposing it.

JUDGE LYNCH is as much at home north of the Ohio and Potomac as he is south of those water ways, it seems.

ALL spring elections in Ohio have been abolished. There was a strong protest, but Boss Cox, of Cincinnati, gave the word and the Legislature did the work.

It's a fine thing for Southern communities that Judge Lynch has seen fit to transfer his operations to Northern sections, thus showing that there is nothing sectional about the business.

The reason Judge Lynch's operations are principally confined to the colored race is not on account of any special antipathy to them, but that they so often invite his attacks by their villainous crimes.

Like Doctor Jekyll and Mr. Hyde, Judge Lynch at the South and Judge Lynch at the North are entirely different individuals. While in the former section his operations are confined altogether to the criminal at fault, in the latter he allows himself much greater license, in that he follows punishment of the criminal by wholesale murder and arson.

In the words of the Buffalo Courier, speaking of the recent lynching in Ohio, this "horrible affair" happened in the heart of self-righteous Republican Ohio, in a county which gave nearly 3,000 Republican majority at the last election. Until every person who had part in the infamous proceedings is punished to the limit, let no more stones be cast by partisans at the South.

The harmony that prevailed in the ranks of the Kentucky Democracy during the last campaign is rapidly vanishing as a result of a bitter fight inaugurated by certain politicians, including some members of the present State administration, against Governor Beckham and other members of the administration. The Kentucky Democracy suffered a serious loss a few years ago by a factional fight of a similar character. With such a division in the ranks the party will be seriously handicapped in the approaching Presidential campaign.

The Globe Printing Company of Louisville, judging by the developments at Frankfort this week, has been "gonging" the State on some of the public printing. According to the testimony of some of the witnesses the company charged the State about \$28,000 for work that could have been done for about \$4,000. And according to other witnesses this printing should have gone to another house. In the interests of justice and for the good of the present administration and the Democracy of Kentucky the Attorney General should bring suit to recover this overcharge, or settle the question as to the justice of the claim.

IMPORTANCE OF GOOD STREETS.

Judgment Against Louisville For \$7,500 as Result of an Obstruction, Affirmed by Appellate Court.

The importance of a city having good streets and then keeping them free of obstructions is forcibly illustrated in a case from Louisville decided by the Court of Appeals Friday.

The court in an opinion by Judge Hobson, whole court sitting, affirmed the Jefferson Common Pleas Court in the case of the city of Louisville vs. Leo Keher.

Appellee, with a young lady, was riding along the street at night. They were thrown out by a collision with a large rock, and Keher received injuries by fracture of the arch over the right eye, the loss of his eye and the fracture of his ear drum. He was awarded \$7,500 damages.

An Editor's Troubles.

"If it contains many advertisements a subscriber complains that they take up too much space. If there is a lack of advertising it is unpopular and the people won't have it."

"If we attend church regularly they say we go for effect. If we stay from church they say we are monstrously heathenish."

"If we accept an invitation to a wedding they say we are only invited to 'write it up.'"

"If we go to the opera house they say we go on free tickets. If we are seen upon the streets too often they say we neglect our business. If we avoid going on the street they say we don't hustle around after the news."

"If we publish a man who has brought disgrace upon his family, the friends of the family never forgive us. If we, out of goodness of heart, decline to say anything on the subject, the man's enemies are disappointed and we are branded as white-livered cowards."

His lectures are of a high literary character." Rev. Roseberry's subject Sunday morning will be "Claims of the Meek, and their Vindication." You are invited.

PITHY POINTS.

Mr. Roosevelt can't atone for that Ohio lynching by dining Booker Washington.

Judge Lynch doubtless is a hard and exacting master, but none need be his servant.

Lynching may not be a good thing, but it is far better than the brutes whose conduct calls it into action.

Judge Lynch seems to have transferred his base of operations for the time to points north of the Mason and Dixon line.

Ohio people don't have as much regard for the colored brother now as they imagined they had while he was in "durance vile."

Judge Lynch's nearest approach to "red tape," as practiced by his brethren of the regular courts, lies in his use of the hempen halter.

It is becoming more apparent all the time that Ohio and Indiana people are getting worn out with "Cuffy," and don't care how much he is cuffed and roughly handled.

If the colored folks didn't have any other freedom before the war they were entirely free from lynchings. So it appears they are retrograding instead of making any advancement or progress.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

A CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him 'ORRINE.' He is now fully restored to health and has no desire for drink."

Mrs. E. L. Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was powerless to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all desire and I now have the smell of liquor."

Price \$1 per box. Mailed in plain, sealed wrapper by Orrine Company, 817 14th St., Washington, D. C. Interest in book—Treatise on Drunkenness, (sealed free on request.)

Bennett is prepared to fight for the principle of "squatter sovereignty." Since 1869 he has held possession of 160 acres of land in the suburb of Hegewisch. He has denied the right of anybody to oust him and for years has defied a judgment of court, which has said that he has no title to the property. Bennett declared Friday night that the sheriff would have to kill him before he moved him off the premises, and the sheriff announced his intention of capturing Bennett Saturday morning even if it is necessary to shed blood to do it.
